NAC Compatibility
Rev A - 08/17

How to Use this Document

As required in ANSI/UL Standard 864, notification circuits that supply synchronized strobe power must show compatibility with particular devices. In addition, the total number of devices per circuit must be included.

Below is the list of Hochiki PE Series Power Supplies that are UL Listed.

The following pages contain tables of notification devices by various manufactures.

1. The PE Series Power Supply Panels are UL listed as compatible with the listed manufacturers in Step 2:

Panel	Amps per Load
PE-6N Series Power Supply	3
PE-10N Series Power Supply	3

2. Go to the page that correlates to the Manufacturer of the horn, strobe, chime, bell, or device that will be connected to the Panel to find the compatible device.

Manufacturer	Page
AMSECO	3
Hochiki/Gentex	4
Cooper/Wheelock	5-6
System Sensor	7
